EDUCATION

Qualification	Institution	Year	CGPA / %
B.Tech, BM	Apex Institute of Technology (AIT)	2023 - 2027	7.84/10
Class XII - CBSE	Kendriya Vidyalaya BM	2023	84.2%
Class X - CBSE	Model Senior Secondary School BM	2021	86.8%

Semester SPI: S1 7.60 | S2 7.67 | S3 7.74 | S4 7.81 | S5 7.88 | S6 7.95

PROFILE

Biomedical Engineering student targeting biomedical data associate roles, with a 7.84 CPI and applied work in medical device prototyping. Comfortable with Biomedical Instrumentation, MATLAB, Python, Signal Processing, structured documentation, review, and technical documentation; interested in clinical signal analysis.

TECHNICAL SKILLS

- **Core:** Biomedical Instrumentation, MATLAB, Python
- **Tools / Applied:** Signal Processing, IoT, Technical Documentation
- **Career focus:** Clinical signal analysis | Biomedical Data Associate | Industry-ready problem solving

WORK EXPERIENCE / RESEARCH

Vertex Engineering Solutions May 2026 - Jul 2026

Biomedical Data Associate Intern

- Contributed to medical device prototyping experiments, documentation, and review-ready deliverables.
- Applied Biomedical Instrumentation, MATLAB, Python to structure technical inputs, validate workflow behavior, and document findings.
- Participated in structured reviews, incorporated feedback, and maintained clear handover notes.

PROJECTS

Medical device prototyping Workspace github.com/placementhub-demo-2027/diya.kapoor-bm-workspace

Tech: Biomedical Instrumentation, MATLAB, Python

- Designed a Biomedical Engineering project focused on medical device prototyping, with documented requirements, validation results, and a usable reporting workflow.
- Applied Biomedical Instrumentation, MATLAB, Python and organized the work for repeatable review, debugging, and handover.
- Captured assumptions, edge cases, and next-step recommendations so another student could reproduce and extend the work.

BM Practice Toolkit github.com/placementhub-demo-2027/diya.kapoor-bm-toolkit

Tech: Python, Signal Processing, IoT

- Built a compact applied toolkit for clinical signal analysis to improve repeatable data capture, technical review, and communication.
- Used Python, Signal Processing, IoT and documented key usage decisions for future extension.

ACHIEVEMENTS & CERTIFICATIONS

- Applied project showcase participant - BM Academic Forum (2026), based on work related to medical device prototyping.
- Professional Communication - NPTEL (2026).
- Maintains project repositories and professional links to support technical review during campus recruitment.

POSITIONS OF RESPONSIBILITY & ENGAGEMENT

Event volunteer - HealthTech Club

- Coordinated a small student activity with clear task ownership, communication, and handover notes.
- Supported peer participation and organized activity deliverables for smooth execution.
