EDUCATION

Qualification	Institution	Year	CGPA / %
B.Tech, BM	Apex Institute of Technology (AIT)	2023 - 2027	8.41/10
Class XII - CBSE	Model Senior Secondary School BM	2023	90.1%
Class X - CBSE	Central Public School BM	2021	89.2%

Semester SPI: S1 8.17 | S2 8.24 | S3 8.31 | S4 8.38 | S5 8.45 | S6 8.52

PROFILE

Biomedical Engineering student targeting biomedical data associate roles, with a 8.41 CPI and applied work in biosignal visualisation. Comfortable with Biomedical Instrumentation, MATLAB, Python, Signal Processing, structured documentation, review, and problem solving; interested in clinical signal analysis.

TECHNICAL SKILLS

- **Core:** Biomedical Instrumentation, MATLAB, Python
- **Tools / Applied:** Signal Processing, IoT, Problem Solving
- **Career focus:** Clinical signal analysis | Biomedical Data Associate | Data-informed decision making

WORK EXPERIENCE / RESEARCH

Institute Applied Research Lab Jan 2026 - Apr 2026

Student Research Assistant

- Contributed to biosignal visualisation experiments, documentation, and review-ready deliverables.
- Applied Biomedical Instrumentation, MATLAB, Python to structure technical inputs, validate workflow behavior, and document findings.
- Participated in structured reviews, incorporated feedback, and maintained clear handover notes.

PROJECTS

Biosignal visualisation Workspace github.com/placementhub-demo-2027/meera.iyer-bm-workspace

Tech: Biomedical Instrumentation, MATLAB, Python

- Designed a Biomedical Engineering project focused on biosignal visualisation, with documented requirements, validation results, and a usable reporting workflow.
- Applied Biomedical Instrumentation, MATLAB, Python and organized the work for repeatable review, debugging, and handover.
- Captured assumptions, edge cases, and next-step recommendations so another student could reproduce and extend the work.

BM Practice Toolkit github.com/placementhub-demo-2027/meera.iyer-bm-toolkit

Tech: Python, Signal Processing, IoT

- Built a compact applied toolkit for clinical signal analysis to improve repeatable data capture, technical review, and communication.
- Used Python, Signal Processing, IoT and documented key usage decisions for future extension.

ACHIEVEMENTS & CERTIFICATIONS

- Department technical showcase finalist - BM Academic Forum (2026), based on work related to biosignal visualisation.
- Applied Data Analysis - Coursera (2026).
- Maintains project repositories and professional links to support technical review during campus recruitment.

POSITIONS OF RESPONSIBILITY & ENGAGEMENT

Technical lead - IEEE Student Branch

- Coordinated a small student activity with clear task ownership, communication, and handover notes.
- Supported peer participation and organized activity deliverables for smooth execution.
