EDUCATION

Qualification	Institution	Year	CGPA / %
B.Tech, CH	Apex Institute of Technology (AIT)	2023 - 2027	8.37/10
Class XII - CBSE	Kendriya Vidyalaya CH	2023	88.4%
Class X - CBSE	Model Senior Secondary School CH	2021	90.8%

Semester SPI: S1 8.13 | S2 8.20 | S3 8.27 | S4 8.34 | S5 8.41 | S6 8.48

PROFILE

Chemical Engineering student targeting process engineer roles, with a 8.37 CPI and applied work in distillation yield optimisation. Comfortable with Aspen HYSYS, Process Simulation, Python, Mass Transfer, structured documentation, review, and problem solving; interested in process optimisation.

TECHNICAL SKILLS

- **Core:** Aspen HYSYS, Process Simulation, Python
- **Tools / Applied:** Mass Transfer, Excel, Problem Solving
- **Career focus:** Process optimisation | Process Engineer | Industry-ready problem solving

WORK EXPERIENCE / RESEARCH

Vertex Engineering Solutions May 2026 - Jul 2026

Process Engineer Intern

- Contributed to distillation yield optimisation experiments, documentation, and review-ready deliverables.
- Applied Aspen HYSYS, Process Simulation, Python to structure technical inputs, validate workflow behavior, and document findings.
- Participated in structured reviews, incorporated feedback, and maintained clear handover notes.

PROJECTS

Distillation yield optimisation Workspace github.com/placementhub-demo-2027/reyansh.gupta-ch-workspace

Tech: Aspen HYSYS, Process Simulation, Python

- Designed a Chemical Engineering project focused on distillation yield optimisation, with documented requirements, validation results, and a usable reporting workflow.
- Applied Aspen HYSYS, Process Simulation, Python and organized the work for repeatable review, debugging, and handover.
- Captured assumptions, edge cases, and next-step recommendations so another student could reproduce and extend the work.

CH Practice Toolkit github.com/placementhub-demo-2027/reyansh.gupta-ch-toolkit

Tech: Python, Mass Transfer, Excel

- Built a compact applied toolkit for process optimisation to improve repeatable data capture, technical review, and communication.
- Used Python, Mass Transfer, Excel and documented key usage decisions for future extension.

ACHIEVEMENTS & CERTIFICATIONS

- Department technical showcase finalist - CH Academic Forum (2026), based on work related to distillation yield optimisation.
- Applied Data Analysis - Coursera (2026).
- Maintains project repositories and professional links to support technical review during campus recruitment.

POSITIONS OF RESPONSIBILITY & ENGAGEMENT

Industry relations lead - Chemical Engineering Society

- Coordinated a small student activity with clear task ownership, communication, and handover notes.
- Supported peer participation and organized activity deliverables for smooth execution.
