## EDUCATION

| Qualification    | Institution                        | Year        | CGPA / % |
|------------------|------------------------------------|-------------|----------|
| B.Tech, CSE      | Apex Institute of Technology (AIT) | 2023 - 2027 | 7.93/10  |
| Class XII - CBSE | Model Senior Secondary School CSE  | 2023        | 85.1%    |
| Class X - CBSE   | Central Public School CSE          | 2021        | 86.5%    |

Semester SPI: S1 7.69 | S2 7.76 | S3 7.83 | S4 7.90 | S5 7.97 | S6 8.04

## PROFILE

Computer Science and Engineering student targeting software development engineer roles, with a 7.93 CPI and applied work in database query optimisation. Comfortable with Java, Python, Data Structures, SQL, structured documentation, review, and technical documentation; interested in distributed application development.

## TECHNICAL SKILLS

- **Core:** Java, Python, Data Structures
- **Tools / Applied:** SQL, Git, Technical Documentation
- **Career focus:** Distributed application development | Software Development Engineer | Data-informed decision making

## WORK EXPERIENCE / RESEARCH

**Institute Applied Research Lab** Jan 2026 - Apr 2026  
**Student Research Assistant**

- Contributed to database query optimisation experiments, documentation, and review-ready deliverables.
- Applied Java, Python, Data Structures to structure technical inputs, validate workflow behavior, and document findings.
- Participated in structured reviews, incorporated feedback, and maintained clear handover notes.

## PROJECTS

**Database query optimisation Workspace** [github.com/placementhub-demo-2027/sneha.joshi-cse-workspace](https://github.com/placementhub-demo-2027/sneha.joshi-cse-workspace)

**Tech:** Java, Python, Data Structures

- Designed a Computer Science and Engineering project focused on database query optimisation, with documented requirements, validation results, and a usable reporting workflow.
- Applied Java, Python, Data Structures and organized the work for repeatable review, debugging, and handover.
- Captured assumptions, edge cases, and next-step recommendations so another student could reproduce and extend the work.

**CSE Practice Toolkit** [github.com/placementhub-demo-2027/sneha.joshi-cse-toolkit](https://github.com/placementhub-demo-2027/sneha.joshi-cse-toolkit)

**Tech:** Data Structures, SQL, Git

- Built a compact applied toolkit for distributed application development to improve repeatable data capture, technical review, and communication.
- Used Data Structures, SQL, Git and documented key usage decisions for future extension.

## ACHIEVEMENTS & CERTIFICATIONS

- Applied project showcase participant - CSE Academic Forum (2026), based on work related to database query optimisation.
- Professional Communication - NPTEL (2026).
- Maintains project repositories and professional links to support technical review during campus recruitment.

## POSITIONS OF RESPONSIBILITY & ENGAGEMENT

**Project coordinator - Developer Student Club**

- Coordinated a small student activity with clear task ownership, communication, and handover notes.
- Supported peer participation and organized activity deliverables for smooth execution.
