## EDUCATION

| Qualification    | Institution                        | Year        | CGPA / % |
|------------------|------------------------------------|-------------|----------|
| B.Tech, ECE      | Apex Institute of Technology (AIT) | 2023 - 2027 | 7.61/10  |
| Class XII - CBSE | Kendriya Vidyalaya ECE             | 2023        | 81.2%    |
| Class X - CBSE   | Model Senior Secondary School ECE  | 2021        | 82.8%    |

Semester SPI: S1 7.37 | S2 7.44 | S3 7.51 | S4 7.58 | S5 7.65 | S6 7.72

## PROFILE

Electronics and Communication Engineering student targeting embedded systems engineer roles, with a 7.61 CPI and applied work in wireless test automation. Comfortable with Embedded C, IoT, MATLAB, Python, structured documentation, review, and technical documentation; interested in connected device development.

## TECHNICAL SKILLS

- **Core:** Embedded C, IoT, MATLAB
- **Tools / Applied:** Python, PCB Design, Technical Documentation
- **Career focus:** Connected device development | Embedded Systems Engineer | Industry-ready problem solving

## WORK EXPERIENCE / RESEARCH

**Institute Applied Research Lab** Jan 2026 - Apr 2026  
**Student Research Assistant**

- Contributed to wireless test automation experiments, documentation, and review-ready deliverables.
- Applied Embedded C, IoT, MATLAB to structure technical inputs, validate workflow behavior, and document findings.
- Participated in structured reviews, incorporated feedback, and maintained clear handover notes.

## PROJECTS

**Wireless test automation Workspace** [github.com/placementhub-demo-2027/dhruv.arora-ece-workspace](https://github.com/placementhub-demo-2027/dhruv.arora-ece-workspace)

**Tech:** Embedded C, IoT, MATLAB

- Designed a Electronics and Communication Engineering project focused on wireless test automation, with documented requirements, validation results, and a usable reporting workflow.
- Applied Embedded C, IoT, MATLAB and organized the work for repeatable review, debugging, and handover.
- Captured assumptions, edge cases, and next-step recommendations so another student could reproduce and extend the work.

**ECE Practice Toolkit** [github.com/placementhub-demo-2027/dhruv.arora-ece-toolkit](https://github.com/placementhub-demo-2027/dhruv.arora-ece-toolkit)

**Tech:** MATLAB, Python, PCB Design

- Built a compact applied toolkit for connected device development to improve repeatable data capture, technical review, and communication.
- Used MATLAB, Python, PCB Design and documented key usage decisions for future extension.

## ACHIEVEMENTS & CERTIFICATIONS

- Applied project showcase participant - ECE Academic Forum (2026), based on work related to wireless test automation.
- Professional Communication - NPTEL (2026).
- Maintains project repositories and professional links to support technical review during campus recruitment.

## POSITIONS OF RESPONSIBILITY & ENGAGEMENT

**Contributor - Coding Club**

- Coordinated a small student activity with clear task ownership, communication, and handover notes.
- Supported peer participation and organized activity deliverables for smooth execution.
