EDUCATION

Qualification	Institution	Year	CGPA / %
B.Tech, IT	Apex Institute of Technology (AIT)	2023 - 2027	8.64/10
Class XII - CBSE	Central Public School IT	2023	87.9%
Class X - CBSE	Kendriya Vidyalaya IT	2021	89.7%

Semester SPI: S1 8.40 | S2 8.47 | S3 8.54 | S4 8.61 | S5 8.68 | S6 8.75

PROFILE

Information Technology student targeting software development engineer roles, with a 8.64 CPI and applied work in queue-based notification service. Comfortable with JavaScript, React, Node.js, MongoDB, structured documentation, review, and problem solving; interested in backend and cloud engineering.

TECHNICAL SKILLS

- **Core:** JavaScript, React, Node.js
- **Tools / Applied:** MongoDB, Git, Problem Solving
- **Career focus:** Backend and cloud engineering | Software Development Engineer | Industry-ready problem solving

WORK EXPERIENCE / RESEARCH

Vertex Engineering Solutions May 2026 - Jul 2026

Software Development Engineer Intern

- Contributed to queue-based notification service experiments, documentation, and review-ready deliverables.
- Applied JavaScript, React, Node.js to structure technical inputs, validate workflow behavior, and document findings.
- Participated in structured reviews, incorporated feedback, and maintained clear handover notes.

PROJECTS

Queue-based notification service Workspace github.com/placementhub-demo-2027/suryakant.maurya-it-workspace

Tech: JavaScript, React, Node.js

- Designed a Information Technology project focused on queue-based notification service, with documented requirements, validation results, and a usable reporting workflow.
- Applied JavaScript, React, Node.js and organized the work for repeatable review, debugging, and handover.
- Captured assumptions, edge cases, and next-step recommendations so another student could reproduce and extend the work.

IT Practice Toolkit github.com/placementhub-demo-2027/suryakant.maurya-it-toolkit

Tech: Node.js, MongoDB, Git

- Built a compact applied toolkit for backend and cloud engineering to improve repeatable data capture, technical review, and communication.
- Used Node.js, MongoDB, Git and documented key usage decisions for future extension.

ACHIEVEMENTS & CERTIFICATIONS

- Department technical showcase finalist - IT Academic Forum (2026), based on work related to queue-based notification service.
- Applied Data Analysis - Coursera (2026).
- Maintains project repositories and professional links to support technical review during campus recruitment.

POSITIONS OF RESPONSIBILITY & ENGAGEMENT

Workshop coordinator - Developer Student Club

- Coordinated a small student activity with clear task ownership, communication, and handover notes.
- Supported peer participation and organized activity deliverables for smooth execution.
