EDUCATION

Qualification	Institution	Year	CGPA / %
B.Tech, MME	Apex Institute of Technology (AIT)	2023 - 2027	7.65/10
Class XII - CBSE	Model Senior Secondary School MME	2023	81.9%
Class X - CBSE	Central Public School MME	2021	83.5%

Semester SPI: S1 7.41 | S2 7.48 | S3 7.55 | S4 7.62 | S5 7.69 | S6 7.76

PROFILE

Metallurgical and Materials Engineering student targeting materials engineer roles, with a 7.65 CPI and applied work in heat-treatment traceability. Comfortable with Materials Characterization, Metallurgy, MATLAB, Python, structured documentation, review, and technical documentation; interested in materials data analysis.

TECHNICAL SKILLS

- **Core:** Materials Characterization, Metallurgy, MATLAB
- **Tools / Applied:** Python, Data Analysis, Technical Documentation
- **Career focus:** Materials data analysis | Materials Engineer | Industry-ready problem solving

WORK EXPERIENCE / RESEARCH

Vertex Engineering Solutions May 2026 - Jul 2026
Materials Engineer Intern

- Contributed to heat-treatment traceability experiments, documentation, and review-ready deliverables.
- Applied Materials Characterization, Metallurgy, MATLAB to structure technical inputs, validate workflow behavior, and document findings.
- Participated in structured reviews, incorporated feedback, and maintained clear handover notes.

PROJECTS

Heat-treatment traceability Workspace github.com/placementhub-demo-2027/atharv.shetty-mme-workspace

Tech: Materials Characterization, Metallurgy, MATLAB

- Designed a Metallurgical and Materials Engineering project focused on heat-treatment traceability, with documented requirements, validation results, and a usable reporting workflow.
- Applied Materials Characterization, Metallurgy, MATLAB and organized the work for repeatable review, debugging, and handover.
- Captured assumptions, edge cases, and next-step recommendations so another student could reproduce and extend the work.

MME Practice Toolkit github.com/placementhub-demo-2027/atharv.shetty-mme-toolkit

Tech: MATLAB, Python, Data Analysis

- Built a compact applied toolkit for materials data analysis to improve repeatable data capture, technical review, and communication.
- Used MATLAB, Python, Data Analysis and documented key usage decisions for future extension.

ACHIEVEMENTS & CERTIFICATIONS

- Applied project showcase participant - MME Academic Forum (2026), based on work related to heat-treatment traceability.
- Professional Communication - NPTEL (2026).
- Maintains project repositories and professional links to support technical review during campus recruitment.

POSITIONS OF RESPONSIBILITY & ENGAGEMENT

Member - Materials Society

- Coordinated a small student activity with clear task ownership, communication, and handover notes.
- Supported peer participation and organized activity deliverables for smooth execution.
