EDUCATION

Qualification	Institution	Year	CGPA / %
B.Tech, MME	Apex Institute of Technology (AIT)	2023 - 2027	8.42/10
Class XII - CBSE	Central Public School MME	2023	88.1%
Class X - CBSE	Kendriya Vidyalaya MME	2021	90.2%

Semester SPI: S1 8.18 | S2 8.25 | S3 8.32 | S4 8.39 | S5 8.46 | S6 8.53

PROFILE

Metallurgical and Materials Engineering student targeting materials engineer roles, with a 8.42 CPI and applied work in microstructure image analysis. Comfortable with Materials Characterization, Metallurgy, MATLAB, Python, structured documentation, review, and problem solving; interested in materials data analysis.

TECHNICAL SKILLS

- **Core:** Materials Characterization, Metallurgy, MATLAB
- **Tools / Applied:** Python, Data Analysis, Problem Solving
- **Career focus:** Materials data analysis | Materials Engineer | Data-informed decision making

WORK EXPERIENCE / RESEARCH

Institute Applied Research Lab Jan 2026 - Apr 2026
Student Research Assistant

- Contributed to microstructure image analysis experiments, documentation, and review-ready deliverables.
- Applied Materials Characterization, Metallurgy, MATLAB to structure technical inputs, validate workflow behavior, and document findings.
- Participated in structured reviews, incorporated feedback, and maintained clear handover notes.

PROJECTS

Microstructure image analysis Workspace github.com/placementhub-demo-2027/lakshya.narang-mme-workspace

Tech: Materials Characterization, Metallurgy, MATLAB

- Designed a Metallurgical and Materials Engineering project focused on microstructure image analysis, with documented requirements, validation results, and a usable reporting workflow.
- Applied Materials Characterization, Metallurgy, MATLAB and organized the work for repeatable review, debugging, and handover.
- Captured assumptions, edge cases, and next-step recommendations so another student could reproduce and extend the work.

MME Practice Toolkit github.com/placementhub-demo-2027/lakshya.narang-mme-toolkit

Tech: MATLAB, Python, Data Analysis

- Built a compact applied toolkit for materials data analysis to improve repeatable data capture, technical review, and communication.
- Used MATLAB, Python, Data Analysis and documented key usage decisions for future extension.

ACHIEVEMENTS & CERTIFICATIONS

- Department technical showcase finalist - MME Academic Forum (2026), based on work related to microstructure image analysis.
- Applied Data Analysis - Coursera (2026).
- Maintains project repositories and professional links to support technical review during campus recruitment.

POSITIONS OF RESPONSIBILITY & ENGAGEMENT

Technical lead - Materials Society

- Coordinated a small student activity with clear task ownership, communication, and handover notes.
- Supported peer participation and organized activity deliverables for smooth execution.
